 **MAIER**

Universal Blind Stitch Sewing Machine

Precise hemming of trousers, skirts and knitwear

Enter the world of efficiency and precision with the MAIER 221 blind stitch sewing machine! Designed to meet the demands of the garment industry, the MAIER 221 offers an unbeatable combination of reliability, performance and versatility.

With the swiveling table and a small cylinder arm, the class 221 is versatile in use. The fabric guides included as standard ensure precise guidance of the material for the seam on the hem or at the fabric edge. And the integrated interval device (1:1/1:2) gives you additional flexibility for your sewing work.

Experience top quality in every seam

With its compact and vibration-free design, you can rely on a globally proven machine that ensures maximum precision with every stitch. The sewing speed of up to 3000 stitches per minute enables high productivity without compromising quality.

Class 221-31

There is no better choice for sewing thin fabrics than MAIER subclass -31 machines!

Perfectly fitted to the needs of sewing thin fabrics. Whether silk, chiffon or other fine fabrics - our class 221-31 delivers the best results.

Universal Blind Stitch Sewing Machine

Options and accessories

-46

Top equipment makes the class 221 the ideal solution for all blind hemming applications.

Mounting kit for motor -46

Simple installation, compact design - the mounting kit for EFKA and Ho-Hsing motors.

-D

Digital stitch depth indicator -D

More efficient, accurate and simple - no more guessing stitch depth. The digital stitch depth display gives you precise control of your stitch depth. Reproducible settings and stepless adjustment.

Thread trimmer -12

Fast, safe and easy - the thread trimmer offers a high level of operating convenience and an impressive rationalization effect. Save valuable time with every seam.

Presserfoot lift -PFL/P

Making work easier! The pneumatic presser foot lift makes sewing much easier. Simply press the foot pedal and the presser foot lowers. You can concentrate fully on your sewing work.

-12

Sewing light -LED

Our high-quality LED sewing light provides bright, even light directly above your sewing area. No more tedious squinting or shadow play - with our light you always have the best view of your sewing project.

Skip stitch device -1:3

Instead of penetration into the outer fabric layer with every stitch or every second stitch, our -1:3 option allows you to penetrate only every third stitch. The result? Fewer marks and a looser stitch.
